

Welding Professional and Personal Motivations Form

Name _____

Identification card number _____ Expiration date ____ / ____ / ____

Attitude towards application

- What reasons led you to enrol in a validation of competences' process?

- What do you expect to achieve with this process?

- Which professional position/ function do you intend to hold (coordinator, inspector, bonder ...)?

- Which qualification do you intend to get?

- From the areas listed below and based on your experience, please indicate areas you have higher and lower preference. The non-ticking of an area means that it is not of your preference:

Welding Areas		Higher preference	Lower preference
Welding Coordination	Welding processes and equipment		
	Materials		
	Welding construction and design		
	Fabrication, applications engineering		
Welding Inspection	Quality Assurance/Quality Control		
	Testing of welds and reporting		
Mechanised, orbital and robot welding	Robot		
	Mechanized		
	Orbital		
Welding in railways	Railway		
Manufacturing processes	Laser processing		
	Resistance welding		
	Thermal spraying		
	Arc welding		
	MIG welding with solid wire electrode (131)/MAG welding with solid wire electrode (135) and MAG welding with flux cored electrode (136)		
	Manual Metal Arc Welding (111)		
	Tungsten Inert Gas Welding with Solid Filler Material (wire/rod) (141)		
	Submerged Arc Welding (12)		
	Adhesive bonding
